ROCKWOOD

**ROO, MINI LITE, ULTRA LITE &
SIGNATURE TRAVEL TRAILERS**

PROVIDING OUTDOOR FUN SINCE 1974.

OVER 40 YEARS OF EXCELLENCE

FROM HUMBLE BEGINNINGS, ROCKWOOD HAS EMERGED AS AN INDUSTRY LEADER IN THE MANUFACTURING OF LIGHT WEIGHT TRAVEL TRAILERS, TRAVEL TRAILERS AND CAMPING TRAILERS.

Located in Millersburg, IN since 1974, Rockwood has been supported by this community and the local families residing there. These families have helped provide the hundreds of workers that have brought their dedication to quality workmanship, respect for their fellow workers and a commitment to an uncompromising work ethic to make a major contribution to this company's success. Founded on the principle of providing superior value and service while remaining in tune with customer's preferences, Rockwood has become the ultimate luxury product in the light weight travel trailer market, proudly showcasing more innovative floor plans, appealing features and refined interior appointments than any others in its class.

TODAY, ROCKWOOD REMAINS COMMITTED TO INSURING THAT OUR CUSTOMERS ENJOY THEIR CAMPING EXPERIENCES. Through the utilization of our experienced work force, "state of the art" lamination facility, modern production plants and detailed assembly processes our aim is to continue to provide our customers with the best built product possible at an unmatched value.

MINI LITE

TOWING A TRAILER DOESN'T REQUIRE A TRUCK ANYMORE. When towing size and weight are your focus, you will find that these specially designed Mini Lite models offer flexible floor plans that provide you with more comfort and amenities than you would expect — all within the towing capacity of many SUV's.

CAI. THIS IS OUR FINE TOOTH COMB.

CAI (CUSTOMER ASSURANCE INSPECTION) Each Rockwood production line has a complete online PDI staff that is responsible for double checking all function and code test on every Rockwood Trailer. CAI is an independent facility that takes Rockwood trailers from each line and inspects them to ensure that the online PDI staff and system is functioning to the standards that Rockwood has set along with all governing code groups. This ensures we are putting the best product into the hands of our selling dealers.

We work hard to make a quality product
So you can enjoy it for years to come.

Rockwood Warranty. Our Promise.

FOR DETAILS ON ROCKWOOD'S COMPLETE WARRANTY PROGRAM, SEE YOUR ROCKWOOD DEALER. When it comes to backing products with the same quality and commitment it does when it begins the manufacturing process, the only name you have to remember when you're looking for a recreational vehicle is Rockwood. Rockwood offers the following additional limited warranties to the original purchasers. Consult written warranty for details.

1. Twelve-year vinyl roof warranty.
2. Two-year fiberglass warranty.
3. Ten-year Torflex® axle warranty.
4. One-year bumper to bumper warranty.
5. Five-year tent warranty

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Specification Definitions :: GVWR (Gross Vehicle Weight Rating) - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR. // **GAWR (Gross Axle Weight Rating)** - is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles. // **UVW (Unloaded Vehicle Weight)** - is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories. *Estimated average based on standard build optional equipment. // **CCC (Cargo Carrying Capacity)** - is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity. ** Estimated average based on standard build optional equipment. // Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit. // All information contained in this brochure is believed to be accurate at the time of publication. However, during the model year, it may be necessary to make revisions and Forest River, Inc., reserves the right to make all such changes without notice, including prices, colors, materials, equipment and specifications as well as the addition of new models and the discontinuance of models shown in this brochure. Therefore, please consult with your Forest River dealer and confirm the existence of any materials, design or specifications that are material to your purchase decision. Litho. U.S.A.
